ABOUT ME

An individual with a passion for learning and growth; I approach every opportunity with enthusiasm and purpose. I bring foundational skills and an attitude focused on growth, problem-solving, and collaboration. I'm committed to delivering value and pushing myself beyond expectations.

SKILLS

- **Frontend:** React, Tailwind CSS, JavaScript, HTML5, CSS3,
- **Backend:** Java, Spring Boot, PHP
- **Databases:** MySQL, MS SQL, MongoDB
- **Tools:** Git, GitHub, Docker, Swagger, Postman, Google Cloud, Excel VBA, Figma
- **Other:** Agile/Scrum Methodologies, Quality Assurance & Testing, Database Administration, Networking Fundamentals

PROJECTS

DentalCare (Personal Project) - Full Stack Developer

Developed a Dental Appointment System to streamline patient scheduling, appointment management, and clinic operations using a full-stack architecture.

- **Backend Development:** Built **RESTful APIs** using **Spring Boot** and **Spring Data JPA** to manage appointments, patient records, and business logic with **MySQL**. Implemented **JWT**-based authentication and authorization with **Spring Security**, automated email notifications with **Spring Mail**, and caching/rate limiting with **Redis**.
- **Frontend Development:** Designed an interactive user interface using **React** for seamless booking and management experience.
- **Containerization:** Utilized **Docker** to containerize the application for consistent deployment and scalability.

Tech Stack: React, Java, Spring Boot, Spring Security, Spring Data JPA, Spring Mail, MySQL, Redis, JWT, Docker, Swagger/Open API

Internflo (Thesis/Capstone) - Full-Stack Developer

Developed an internship portal and OJT monitoring system to help University of Caloocan City students find internships that match their qualifications and skills.

- **Frontend Development:** Built a responsive user interface using **HTML**, **CSS**, and **JavaScript** for an intuitive and seamless user experience.
- **Backend Development:** Developed backend logic using **PHP** and **MySQL** for efficient data management and business logic.
- **AI & API Integration:** Integrated an **AI chatbot** and **Third-party APIs** for real-time mapping, messaging, and video communication, and implemented a matching algorithm to connect students with internship opportunities based on skills and location.

Tech Stack: HTML, CSS, JavaScript, PHP, MySQL, Third-Party APIs (Google Maps API, Semaphore, Zego Cloud, Chatbase AI)

QAR Summary (Internship Project) - Excel VBA Developer

Developed a Quality Assurance Review (QAR) Summary System using **Excel VBA** (Visual Basic for Applications) to assist in encoding and reviewing monthly finance data for the Commission on Audit.

- **Data Management:** Implemented structured worksheets and formulas for accurate monthly finance review and error detection.
- **Efficiency Improvements:** Reduced manual processing time and minimized human errors in finance data review.

Tech Stack: Excel, VBA (Visual Basic for Applications)

ACHIEVEMENTS

3rd in Best Thesis/Capstone

ITECHTIVITY - Thesis Exhibit March 2025

2nd in Most Innovative Technology

ITECHTIVITY - Thesis Exhibit March 2025

2nd in Most Popular Thesis/Capstone

ITECHTIVITY - Thesis Exhibit March 2025

WORK EXPERIENCE

Systems Support Associate

Kabalikat para sa Maunlad na Buhay, Inc. (A Microfinance NGO) | August 2025 - Current

- **Application Support:** Provided technical support and troubleshooting for both web and mobile applications, assisting branch offices with system-related issues and ensuring smooth day-to-day operations.
- **Quality Assurance & Testing:** Identified, documented, and tracked system bugs reported by branch offices; performed basic functional testing and validation to ensure system stability before and after issue resolution.
- **Data Management & Security:** Performed regular database backups to safeguard critical data and used queries to retrieve, update, migrate, and cleanse large datasets, ensuring accurate and organized records.
- **Team Collaboration:** Attended daily stand-up and sprint meetings to coordinate tasks and provide updates.

EDUCATION

Bachelor of Science in Information Systems

University of Caloocan City - Caloocan City | 2025
